WarmAll, warrants the WarmAll Radiant Heat electric floor warming system ("the Product") to be free from defects in materials and workmanship for thirty (25) years from the date of sale, provided that the Product is installed in accordance with the WarmAll product installation guide, any special written or oral design or installation guidelines provided by WarmAll for the specific project that the Product is intended, the provisions of the National Electric Code (NEC), and all applicable local building and electrical codes. If the Product is determined to be defective in materials and workmanship, and has not been damaged as a result of misuse, misapplication or improper installation, WarmAll will, at the customer's discretion, either refund the original cost of the Product or reimburse the cost for any labor and materials required to perform the repair or replacement of the Product. Controls sold under the WarmAll name are warranted for specific coverage periods. Please see www.buywarmall.com for the length of warranty coverage for each control. Should the control be defective or malfunction, return the control to WarmAll and it will be repaired or replaced (at WarmAll's option). The warranty does not cover removal or reinstallation costs. WarmAll assumes no responsibility under this warranty for any damage to the Product prior to or during installation by anyone, including, but not limited to trades people or visitors to the job site, or damage caused as a result of post installation work. The Limited Warranty is null and void if the Product owner or his representative attempts to repair the Product without receiving authorization. Upon notification of an actual or possible problem, WarmAll will issue an Authorization to Proceed under the terms of the Limited Warranty.

Warranty Subject to the Following Conditions:

1. The warranty of the warming system must be registered by completing and returning the attached 'System Warranty Registration' card to WarmAll within 45 days of date of purchase. Please keep your invoice, as proof of date of purchase will be required in the event of a claim.
2. The warming Cable must be installed flat under tile, stone, resilient flooring or laminate wood in a latex modified thinset or a self-veleller.
3. The warming system must be electrically grounded and protected by a GFCI (Ground Fault Circuit Interrupter).
4. The installation must comply with all national and local electrical and building codes, as well as any other applicable statutory requirements.
5. The manufacturer hereby reserves the right to inspect the installation site at any reasonable time.
6. The warranty is not automatically transferred with change of ownership, but the manufacturer may, on application, transfer the warranty for the period remaining. This transfer is solely at the discretion of the manufacturer.
7. The warming system should be used strictly in accordance with the following:
 - 7.1 The voltage of the circuit should match the voltage of the warming system, and the size of the circuit should be such that the warming system does not occupy more than 80% of the circuit capacity.
 - 7.2 Should you feel no warmth on the floor within 60 minutes, verify that there is power to the control or thermostat. Under no circumstances anyone tamper with or attempt to repair the warming system - this will render the warranty null and void.
 - 7.3 Use reasonable care in the operation of the warming system.
 - 7.4 All restrictions and warnings detailed in the installation guide must be strictly followed.

WARMALL DISCLAIMS ANY WARRANTY NOT PROVIDED HEREIN, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE. WARMALL DISCLAIMS ANY RESPONSIBILITY FOR SPECIAL, INDIRECT, SECONDARY, INCIDENTAL, OR CONSEQUENTIAL DAMAGES ARISING FROM OWNERSHIP OR USE OF THIS PRODUCT, INCLUDING INCONVENIENCE OR LOSS OF USE. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE FACE OF THIS DOCUMENT. NO AGENT OR REPRESENTATIVE OF WARMALL HAS ANY AUTHORITY TO EXTEND OR MODIFY THIS WARRANTY UNLESS SUCH EXTENSION OR MODIFICATION IS MADE IN WRITING BY A CORPORATE OFFICER. WarmAll makes no claim as to the amount of floor/room temperature rise, the time to reach a given floor/room temperature or final floor/room temperature due to the innumerable variations in building construction and environmental conditions.
