

PRODUCT SHEET : BUG COVER

COMFORT ZONE

Spring – Summer – Autumn.

DESCRIPTION

Bug Cover for baby car seat. It fits on most baby car seats (shell type) up to 35lbs (16kg). Simple to use, it is installed on the top of the seat to form, due to its arch support, a protective dome. In addition, an elastic band ensures a better fit at the perimeter of the seat.

The SPORT models (plain colors) are made of polyester knit.

The DELUXE models (printed patterns) are made of cotton knit and come in combo with a matching blanket of 75cm x 90cm (29.5in x 35.4in).

On both models, the front part is made of breathable mesh to ensure good ventilation.

USE

The Bug Cover has been designed for baby shell car seats. At the park, camping or in the forest, the mosquito cover is ideal for a nice walk safely!

TIPS

You can use the Bug Cover in the spring, summer and autumn. However, we suggest you to adapt baby's clothing according to your activities and the weather conditions. It may be necessary to use a safe mosquito repellent adapted to the baby for added protection. **Adapt your Sherpa product to the activity you plan to do.**

SIZE

One size

MATERIALS

MODEL	Colorful part	Extensible black part in mesh
SPORT	100% polyester	100% nylon
DELUXE	95% cotton & 5% spandex	100% nylon

WARRANTY

Sherpa offers a limited lifetime warranty on its products. This warranty covers only manufacturing defects. The manufacturer is the one to decide if the damage is a manufacturing defect or wear and tear.

MAINTENANCE

The Bug Cover is hand washable in cold water. It is preferable to dry in the open air. Do not dry clean.

WARNING

Your child should never be left alone without supervision.

Always use the safety harness straps when the child is in the car seat or the stroller.

Do not use the blanket to cover completely the baby's bucket seat as it represents high risks of heat stroke and suffocation.
