

PRODUCT SHEET: WIGWAM

COMFORT ZONE

Use down to -25 °C.

DESCRIPTION

A new concept of protective car seat covers for infant car seat.

USE

The WIGWAM cover fits on most car seats for children up to 35 pounds (16 kg). Simple to use, it is installed on top of the car seat adjusting to its shape, thanks to its lightweight frame, and a protective dome. Made from waterproof nylon, it stays in place for protection against wind and weather. Well insulated, the inside of the WIGWAM cover is made of fleece, to make it warmer and cozier. A two zipper openings on the top allows ease when placing infant in the car seat. The removable lid can also be removed completely for warmer days! The WIGWAM comes with a protective seat fleece to place on the bottom of the car seat. The protective seat fleece has an opening which safely clears way for the safety harness.

TIPS

The suggested temperature for our envelopes is indicative. There are different criteria and variations of comfort zones: physical conditions, humidity, food, fatigue, shelter, altitude, etc. **Customize your Sherpa product according to the activity you plan to do and dress your baby appropriately depending on weather conditions.**

SIZE

One size

MATERIALS

Exterior - 100% nylon

Insulation - 100% polyester MaxSoft™

Lining - 100% polyester polar fleece

WARRANTY

Sherpa offers a limited lifetime warranty on its products. This warranty covers only manufacturing defects. The manufacturer is the one to decide whether the damage is a manufacturing defect or wear and tear.

MAINTENANCE

The WIGWAM is hand washable in cold water. It is best to dry in the open air. Do not dry clean.

WARNING

Your child should never be left alone without supervision.

Always use the safety harness straps when the child is in the car seat.
