

PRODUCT SHEET : CHIC-CHOCS

COMFORT ZONE

Use down to -25 °C.

DESCRIPTION

Lightweight and warm. The outer shell (top) of the CHIC-CHOCS is made of nylon with a waterproof breathable membrane, characteristic sought after in all good quality clothing for the outdoors. The CHIC-CHOCS are insulated with synthetic filler that traps heat and promotes the healthy evacuation of moisture. The fleece lining makes them even more warm and cozy. With two adjustable cords that help the foot stay in place. Anti-slip sole resistant and flexible. **The comfort zone can go up to -25 °C. Parents, be vigilant, your child may have a greater sensitivity to cold.**

USE

As hot as a boot and lightweight. The CHIC-CHOCS has a strong and flexible sole. We suggest that you limit the use of abrasive surfaces like concrete or asphalt so as not to wear out the sole prematurely. Ideal for the sled, the baby carrier, stroller or camping. Dress your child appropriately according to the weather.

TIPS

The CHIC-CHOCS is designed to go outside. The fabrics are waterproof and windproof. However, it cannot be considered as watertight as a rain boot or adequate to play in the wet snow.

The suggested temperature for our products is indicative. Different criteria vary the comfort zone : physical condition, humidity, food, fatigue, shelter, altitude, etc. Customize your Sherpa product according to the activity you plan to do and dress your baby appropriately depending on weather conditions.

SIZE

What size to choose?

CHIC-CHOCS can be worn with a sock or light slipper.
