

**PRODUCT SHEET : JASPER****COMFORT ZONE**

Use for indoor.

**DESCRIPTION**

Warm slipper for indoors. Perfect for little chilly feet!

The fleece lining makes the JASPER slipper warm and snug.

The non-slip sole is flexible and resistant.

Holds well in the baby's foot with the elastic band at the ankle and easy to put on thanks to the ample opening.

**USE**

The JASPER slipper can be used indoors as a warm slipper. Combined with the use of a Sherpa Canada car seat or stroller envelope, it can be worn on cool autumn and spring days. **Parents, be vigilant; your child may be more sensitive to cold.**

To prevent premature wear of the soleplate, we suggest limiting its use on abrasive surfaces such as concrete or asphalt.

Dress your child properly according to the weather conditions.

**TIPS**

The suggested temperature for our products is indicative. Different criteria vary the comfort zone : physical condition, humidity, food, fatigue, shelter, altitude, etc. Customize your Sherpa product according to the activity you plan to do.

**SIZE**

What size to choose?

Sizing guide Jasper			
	Length	Canada	Europe
<b>0-6</b>	7,5 à 9,5 cm 3 à 3 ¾"	0 - 2	17 - 18
